Psychic Scams

July 17, 2009

The Pima County Sheriff's Department has seen an increase in scams involving psychics that take their clients on a monetary "roller coaster" ride.

Be wary of psychics that tell you in order for something good in your life to happen such as a raise, a love one returning, success, instant wealth or currently unattainable power, you need to fork over massive amounts of money for them to make this happen to you or for you.

Often times, victims of these types of crimes do not report being scammed because they are embarrassed or do not want anyone to know they have been duped. This reluctance to report these scams makes it difficult to obtain detailed information to give an accurate picture of the type of person and nature of these scams.

If you have been the victim of this type of scam, please contact your local law enforcement agency. Make a detailed report and have the incident investigated.
