

STATEMENT ON SHERIFF'S CITIZENS ADVISORY COMMITTEE

from Sheriff Mark D. Napier

As the Sheriff of Pima County, it is my responsibility to ensure we provide effective and compassionate law enforcement services to all citizens of Pima County. I have always endeavored to engage with the public by attending a variety of community events each week, and I will continue to do so. In furtherance of this engagement, I believe it is important to form a group of community leaders to improve communication, foster community partnerships, and maintain the public's trust. Thus, I have created the Sheriff's Citizens Advisory Committee (SCAC). The purpose of this committee is to provide input, bring forth concerns, and keep open lines of communication between me, the Department, and the people we serve. The SCAC will consist of twelve (12) members and will meet with me or my designee monthly.

I am pleased to announce that the initial members of the SCAC have been selected, and we have held our initial meeting. The inaugural meeting was an introduction to the Department and an opportunity to get acquainted. We are all looking forward to discussing issues pertinent to law enforcement in our community, and I am deeply grateful for all those that applied to be a part of the SCAC.

The initial members of the Sheriff's Citizen's Advisory Committee are:
